ABOUT US

GROUP OF SAI ELECTRICALS COMPANY. is a leading Fast Moving Electrical Goods (FMEG) Company and a major power distribution equipment manufacturer with a strong global presence. Our company enjoys enviable market dominance across a wide spectrum of products, including Industrial & Domestic Circuit Protection Devices, Motors, Fans, Home Appliances, Electric Water Heaters, Power Capacitors, Luminaries for Domestic, Commercial and Industrial Applications.

MISSION

Creating long-term relationships with associates, customers, partners and employees, through business ethics, global reach and technological expertise.

VISION

The vision of our company is to become a globally recognized company, known for excellence, corporate governance, customer delight, and fairness to all stake holders, including society and the environment.

VALUE

The purpose of an electrical manufacturing website can be to provide customers with a convenient and reliable platform to purchase electrical products and services.

STRENGTH

I smart strength is illuminated by visionary leadership, strategic decision-making, and the ability to inspire and empower its workforce towards innovation and excellence.

MESSAGE

MESSAGE FROM DIRECTOR

12W INVERTER BULB

Upto 85% Energy Saving

- Powerful Lithium Battery
- Durable Product 4 KV Surge
- Input Voltage: 85V-265V
- Frequency:50Hz
- Lumens: upto900lm
- Cap Type: B22
- Color Temp: 6500K
- Power Factor: >0.90
- CRI: >85
- Emergency Time: Upto 4 Hours(Max)
- Charging Time: 8-10 Hours
- Number of Items 1
 - Color: White
- Included Components -Battery
- Special Features -Rechargeable
- Type of Bulb : Led
- Wattage: 10/12 Watts

LED bulbs are energy-efficient, long-lasting, and provide instant-on lighting with various color temperature options, making them a popular choice for both residential and commercial use while reducing environmental impact.

LED PANEL

LED PANEL

Upto 85% Energy Saving

Durable Product 3.5KV Surge

Input Voltage: 85V-265V

Frequency:50Hz

Lumens: upto900lm

Material: Alumunium

Cord Length: 30 cm

Color Temp: 6500K

Power Factor: >0.90

CRI: >85

Color: White/RGBY/Multi

Type : Led

Wattage: 3/5/7/9 Watts

Illuminate your space with vibrant colors and dynamic visuals using our cutting-edge LED panel technology.

STREET LIGHT

STREET LIGHT

Upto 85% Energy Saving

Durable Product 3.5KV Surge

Input Voltage: 85V-265V

Frequency:50Hz

Lumens: upto900lm

Material: Alumunium Cord Length: 30 cm

Color Temp: 6500K

Power Factor: >0.90

CRI: >85

Color: White

Type of Bulb: Led

Light up the night with our reliable and energy-efficient street lights, ensuring safer roads and brighter communities.

SMART FANS

BLDC FANS

- PRODUCT: Ismart most energy efficient 5-Star rated remote-controlled fan with Active BLDC technology
- TECHNICAL SPECIFICATIONS: Sweep 1200 mm; Power consumption 16 W (lowest speed) 35 W (highest speed); Speed 350 RPM; Air delivery 220 CMM; Operating voltage 90 V - 300 V
- WARRANTY: 2 years on-site warranty provided by Ismart from date of purchase; LOW ENERGY CONSUMPTION: Offers 50% energy savings as compared to conventional fan
- EASYFUNCTIONALITY: Remote does not need to be pointed at the fan. It can be pointed anywhere, making it easy to use.
- Material Type: Aluminium
- Mounting Type: Downrod Mount
- Controller Type: Remote Control

Sai Electricals is one of the most experienced and respected Manufacturing Company in the Location of Rewari, Industrial Area in Rewari (Haryana) INDIA. we have been transforming the ideas and visions of our consumer into award-winning projects. We Manufacturing with the intention of exceeding our consumer' expectations for safety, quality, functionality, and deliver finished products that stand the test of time. Sai Electricals has been helping our consumer for over Alast Seven years. Nitesh Kumar Azad owned and operated since 2012, we have grown into one of the most capable and trusted manufacturer of LED Lighting, Electrical Accessories & Home Appliances, As one of the nation's most

As India's LED lighting pioneerl-Smart has changed the lighting landscape, across the country. Heartily LED leads through innovation with over 40 patents, offering a wide range of international quality LED lighting solutions for residential, retail, commercial and industrial applications.

Heartily LED Lights are of a superior quality and are available at an affordable price. Offering a wide range of international quality LED lighting solutions, these products deliver effective and energy-efficient lighting in any environment.

For those who are on the move, we bring you our portable products. The Heartily LED range of portable products are convenient, user-friendly and durable. From portable lamps, lanterns to extension boards and torches, these products simplify a customer's life with innovative features and reliable quality.

Instant Start: LEDs are ideal for use in applications that are subject to frequent onoff cycling, unlike fluorescent lamps that burn out more quickly when cycled frequently or HID lamps that require a long time before restarting. LEDs are easily dimmable.

Environment Friendly - Does not Contain Mercury. Solid package of LED can be designed to focus its light. Incandescent and Fluorescent sources require external reflector for the same. Reduced Co2 emission LEDs are shock resistant being solid state components.

it's what drives everything we do. Heartily's leadership begins with innovative materials that provide high-efficiency performance for each luminaire found within our product portfolio.

Ultra modern and minimalistic designs with a decorative edge. This range consists of smart edge lit panels, COB spotlights, recess mounted and surface fixtures in timeless finishes, round and square shapes, most appropriate for modern spaces. The range also offers lighting solutions for low ceiling heights.

Heartily remains at the forefront today, dedicated to developing new LED solutions that improve both our customers' spaces and their bottom lines. As our product lines grow, we not only build on our history of innovation, we also extend our record of delivering superior value with beautiful, energyefficient lighting.
